9. UPDATE: USDA TRADE MITIGATION PROGRAM

Background: Earlier this year, the USDA presented Congress with a trade mitigation package aimed at assisting farmers suffering from damage due to the effects of trade Policies with foreign nations which was approved Fall, 2018. Through the program, USDA has authorized up to \$12 billion in commodity purchases consistent with World Trade Organization obligations. As part of the trade mitigation program, USDA's Agricultural Marketing Service (AMS) is administering a food purchase and distribution program up to \$1.2 billion in commodities to the Food and Nutrition Service (FNS) and its Sponsors. In late March, CDE presented a short-list of qualifying commodities to its Receiving Agencies on behalf of their Members at no entitlement cost, on a first come-first served basis. PINCO secured two truckloads of USDA #110730: Pork, Frozen-Cooked/Pulled in 8/5# packages in four deliveries scheduled to arrive in 2019-2020 aligned with PINCO's scheduled USDA direct delivery(ies); estimated FMV \$240,000.00.

Background: In late March, the Lead Agency secured 20,000 pounds of bonus USDA Tomato Paste to off-set commercial purchases made this year of qualifying Red Gold products through PINCO's condiment agreement with Sysco Foods of Ventura. The total rebate amount from this bonus came to \$4,113.00. This rebate was a great way for PINCO to benefit from commodity discounts with a USDA processor without diverting entitlement. Rebates for Member Districts purchasing these products from the PINCO Buying Guide will be reflected in credit(s) with April's financial statement/report.
